Dec. 15, 1924.

Clerk Superior Court,
Columbia Co.,
Appling Ga.

Dear Sir;

I noticed in the State Historians records in Atlanta that Thomas Collier was appointed J.P. in 1792 in your county and died in 1826. If it is not too much trouble I would appreciate it if you could advise me if there are any decendants of this Collier family and would it be possible to give me the Father of this Thomas Collier, likewise the names of any other Colliers that residedin your County about that time? I am using this information in a geneology of the Collier family of Georgia and even farther back, these Colliers came from Vines Collier who came from Virginia to Oglethorpe County Georgia and died in 1797 and I assume this Thomas Collier was his son, the records seem to show up that way.

If there are any Colliers now living in your section would appreciate your giving me their names and address. Kindly reply on the back of this sheet. Enclosed find stamped envelope.

Very respectfully,

J. C. Collier.
